Guéridon

Jean Prouvé, 1949/1950
Vitra

The wooden table Guéridon, which was produced by the designer and engineer Jean Prouvé for the University of Paris, is a convincing demonstration of clear structural principles. It is a variation of Prouvé's architecturally informed design vocabulary in a natural material, proving that modern tables do not have to be made out of steel and glass.

The table top is available in two sizes and made out of:

- Solid Natural Oak
- Solid Smoked Oak
- Solid American Walnut

Code: 21202500

Price Range: R 22 752.00 to R 34 622.00

Dimensions:

740 x 900 - 1050 mm
